Minutes

Minutes from the August retreat were approved.

There was extensive discussion of how to approach further vetting and assessment of ImageHaus, the branding company that submitted a proposal at our request for work to revamp the Humanists of Minnesota branding position. The sense of the board is that we would move forward with accepting the proposal, pending a satisfactory meeting with representatives of the firm. Therefore, it was decided that Audrey and Seth would meet with firm representatives personally for up to an hour to gather further information about the team.

Preparations for the September chapter meeting were discussed.

Audrey noted the need to post regular content and event updates to Facebook.

Options for participating in the National Day of Reason and the Secular Coalition for America's Lobby Day were discussed.

The meeting adjourned at 9:05pm.
